GM. PELPLIN**

-
- The map shows a topographic representation of the Subkowy region. A prominent orange line, likely representing a proposed railway, runs horizontally across the middle. Several blue lines with numerical labels (e.g., 030, 0300, 03000) indicate specific points or distances along the route. The map includes contour lines and various place names, such as 'Subkowy', 'Gorzewo', and 'Mala Janica'. The 'P 2810G' and 'P 2816G' points are marked with orange boxes, and the 'W 230' and 'W 230A' points are also marked. The map is oriented with North at the top.
